Mr. Michael Toll, Vice-President
Brand Asbestos Control Company
Park Ridge, Illinois 60068 - 9990

Dear Mike:

I would like to thank you for the arrangements that you made for me to visit and inspect your asbestos removal project at the IBM Complex in White Plains, New York

The trip was very worthwhile since it provided me with some new ideas for the asbestos removal work here at the World Trade Center. Jim Werner was also very helpful in explaining many of the technical steps required for such a complex project.

Once again, thank you for the invitation, as well as the luncheon and I hope to see you in the near future.

Sincerely,

Frank Boyce
